12/10/74

Dear Art,

I took me until today to get to Sunday's paper because of deadline work on the ray case.

When I read this clipping my wife had made, I phoned you and learned you are on vacation. (What is that? Is it something good ti eat?) And that you will be back Monday.

So, on the chance it did not appear out there, here it is.

Best,

Clarence 12/8/74
